

### **Chinese delegation from Guangzhou province visiting Careeria**

Fifteen teachers from the Guangdong Vocational Institute of Public Administration arrived at Careeria January 28, 2019 to get experience in practical vocational education teaching methods. The focus in sharing experience was how to use the modern information technology, online education and related equipment and facilities in the teaching process.

Jukka Hakala, Maarika Weissmann and Anita Eglite-Osmane gave a short presentation about Careeria as a regional VET provider with focus on student-centered education and career development.

Hannele Salonen told about ICT learning and eLearning platforms as a strength to enable new opportunities in the 21st century learning environment.

In the afternoon the guests had the possibility to attend classes of Annika Lindfors and Susanne Nyholm seeing how the students learn with the modern equipment.
